

Apply for employment with coles. Click on the logo!

(The **SUPERMARKETS** tab is useful to start the application process)

For more than 90 years, Coles has had a rich history in Australia. The company can trace its origins to the founders of this nation's retail industry.

Founder, George Coles, travelled to the United States to study best practices in retailing in the early 1900s, and in 1914, he opened the first Coles Variety store in Smith Street, Collingwood, Melbourne.

Coles Variety Stores became famous for their slogan "Nothing over 2/6" and were regarded as leaders in providing value to the shoppers of Australia.

In 1960, the company opened its first supermarket in North Balwyn, Victoria. By 1973, Coles achieved its aim of establishing a supermarket in every Australian capital city.

Today Coles is a leader in Australian food retailing, with more than 100,000 employees and over 11 million customer transactions a week.

Coles stores in Echuca are located on the corner of Hare and Darling Sts. They are also a local employer, and use the internet to cater for applications to any available positions. Casual, part time, and full time positions are available with Coles.

The application process begins on the coles website.
